GRANTS/ PROJECTS WON THROUGH COMPETITION/PROJECTS

2023

1. Operational Program Competitiveness 2014-2020, Contract no. 259/2020, Stimulating business demand for innovation through RDI projects carried out by enterprises individually or in partnership with R&D institutes and universities, aiming at process and product innovation in economic sectors with growth potential. Development of an innovative food supplement for menopausal women's health, contracting authority MFEU, RP, 2020-2023 - MP-RF

2016

2. Scientific research grant obtained through national competition "Clinical investigation of the benefits of intravaginally administered prebiotics in the treatment of bacterial and fungal vaginitis", RP - 2016
3. Scientific research grant obtained through international competition "Low flow anesthesia and risks associated with the use of soda lime. A comparative study between Amsorb Plus and soda lime", MSC - 2016
4. Scientific research grant obtained by national competition "The effects of intravenous administration of UV and light radiation using the UVLRx treatment system. Development of the working procedure. Dissemination", 2016 RP
5. Scientific research grant obtained through national competition "The role of supplements of natural origin in the control of inflammatory syndrome in chronic patients. Formula development. Dissemination". DP
6. National multicenter study "Post Traumatic Stress Disorder (PTSD) in A&IC medical staff", principal investigator, 2016- MSC
7. Study "Prospective and retrospective analysis on germ transmission in IC Clinic. Comparative evolution according to the modification of different procedures or means" - "Carol Davila" University of Medicine and Pharmacy - Bucharest Emergency University Hospital, 2016 MSC
8. Educational project within the course "Cardiopulmonary and Cerebral Resuscitation", OAMGMAMR, Bucharest chapter, 18-22.04.2016 - DP, lecturer, 2016
9. Postgraduate educational project for continuing medical education: "Updates in Regional Anesthesia", as responsible/scientific secretary (Directors: Dr. Florin Costandache, Dr. Cristina Berteau), UMF Bucharest, responsible for project organization - RP
10. Medist Imaging and Bucharest Emergency University Hospital IC Clinic Section, course held by Medist Imaging with the theme: "Refresher course in monitoring with transesophageal technology Imacor", August 01-05, 2016 - project member

2015

11. International multicenter study, as sub-investigator in clinical trial OMS721-TMA-001, A Phase 2, uncontrolled, three-stage, dose-escalation cohort study to evaluate the safety, pharmacokinetics, pharmacodynamics, immunogenicity, and clinical activity of OMS721 in adults with thrombotic microangiopathies - MP, MSC - 2015

2011

12. International competitive grant on "The role of clinical nutrition and supplements in cell antioxidant capacity" awarded by the Research Center of Laboratoires Reunis, Luxembourg (Academy Reunis) MSC - 2011.

2006

13. International multicenter study A0081064 - phase three international multicenter, double blind randomized study - "A 9 week randomized double blind, placebo controlled, multicenter, study of pregabalin BID in subject with posttraumatic peripheral neuropathic pain" - Use of Pregabalin in posttraumatic neuropathic pain - September 2006

member of the research team - MP

**DP - Project Director (2), *RP - Project Manager (3), MSC - Clinical Study Monitor/Investigator (5) MP - Project Member (1) RF - Phase Manager (1)*

PATENTS GRANTED DURING THE PROFESSIONAL ACTIVITY

Patent (1)

1. **Peneş N.O.**, Pop A. L., Industrial design - Advanced cardio-respiratory resuscitation scheme, OSIM, 2018
Cardiorespiratory resuscitation scheme - member of the board for the Elaboration and Revision of the Protocol for Cardiorespiratory and Cerebral Resuscitation, Inter-ministerial Program of the Ministry of National Education and Research and Ministry of Health (certificates MEN 9827/23.02.1998, MS IVB/4509/18.02.1998)

Patent applications (2):

2. **Peneş N. O.**, Pop A. L., Invention patent application 2023 00266/25.05.2023 "Innovative formulation of a product with a complex composition based on hyaluronic acid and astaxanthin with photoprotective, antioxidant and anti-aging role, with oral administration - food supplement"

3. **Peneş N. O.**, Pop A. L., Patent application no. a 2020 00173 of 01.04.2020, "Innovative formula with carnosine and pyroloquinoline quinone for oral administration to neutralize free radicals in the body - Food Supplement"

AWARDS

1. Diploma of Excellence for participation as a speaker at the International Conference on Longevity and Gerontology "Recent Advances in the Age Management" (29 March 2023).
1. Certificate of Excellence for participation as a speaker at the NutriTerra International Hybrid Congress "Precision nutrition and food security in the digital era. Nutrigenetic and life cycle nutrition" (14-16 June 2023, Bucharest).
2. Diploma of Excellence - promoter of the values of the "Ana Aslan" National Institute of Gerontology and Geriatrics, at the International Student Innovation and Scientific Research Fair "Cadet INOVA INOVA 17", "Nicolae Balcescu" Land Forces Academy, Sibiu, April 2017.
3. Anniversary medal dedicated to the 120th anniversary of the birth of Acad. Ana Aslan, 65 years since the founding of the "Ana Aslan" Institute of Gerontology and Geriatrics, as well as 60 years since the first industrial production of the autophic drug Gerovital H3, for the conception of the managerial project for the development of the Institute and the revitalization of Geriatrics research, 30.03.2017.

AWARD-WINNING PATENTS

1. Diploma of Excellence and gold medal for: Innovative formula with carnosine and pyroloquinoline quinone for oral administration to neutralize free radicals in the body - food supplement (International Exhibition of Scientific

Research, Innovation and Inventions PRO INVENT, 20th edition, 26-28 October 2022).

2. Diploma of Excellence and gold medal for "Innovative formula of a product with complex composition based on hyaluronic acid and astaxanthin with overprotective, antioxidant and anti-aging role, with oral administration - food supplement", Patent application no. a 2023 00266 of 25.05.2023 awarded at the International Exhibition of Research, Innovations and Inventions PRO INVENT, 21st edition, 25-27 October 2023, Cluj-Napoca
